

Inconel 600 Seamless Pipes & Welded Tubes

Specifications

Grade	UNS	Standards	
		Seamless pipes	Welded tubes
Inconel 600	UNS N06600	ASME SB-163	ASME SB-516
		ASME SB-167	ASME SB-517
		ASME SB-751	ASME SB-751
		ASME SB-775	ASME SB-775
			AMS 5580

Hitech Alloy is a well-known manufacturer, supplier and exporter of inconel 600(UNS N06600) seamless pipes & welded tubes, which are as well vey much resistant to corrosion and has the maximum strength to solidity ratio of any metal.

Inconel 600 seamless pipes & welded tubes are widely used in various applications industry. We offer these pipes & tubes in available different size, grades, specification and thickness as per the clients requirement.

Chemical Compositon

Item		Inconel 600	Inconel 601
Chemical Composition (%)	C	≤0.15	≤0.1
	Mn	≤1.0	≤1.0

	Si	≤0.5	≤0.5
	S	≤0.015	≤0.015
	Cr	14.0~17.0	21.0~25.0
	Ni	≥72	58.0~63.0
	Fe	6.0~10.0	bal
	Al		≤0.5
	Cu	≤0.5	≤0.5

Types of Inconel 600 Pipes and Tubes

- Inconel 600 seamless pipes
- Inconel 600 welded tubes
- ASME SB-163 Inconel 600 seamless pipes
- ASME SB-167 Inconel 600 seamless pipes
- ASME SB-751 Inconel 600 seamless pipes
- ASME SB-775 Inconel 600 seamless pipes
- ASME SB-516 Inconel 600 welded tubes
- ASME SB-517 Inconel 600 welded tubes
- ASME SB-751 Inconel 600 welded tubes
- ASME SB-775 Inconel 600 welded tubes
- AMS 5580 Inconel 600 welded tubes
